

Adopt a Golden Knoxville

More pets die every year because their owners didn't identify them than from all infectious diseases combined. Bring your lost pet home, *fast and safe!*

All Adopt a Golden Knoxville dogs are microchipped, usually immediately on entering the program. However, some dogs will enter the program with a microchip already in place, having been chipped at a shelter or by a previous owner. When you adopt from AGK, you will need to re-register the microchip to *your name and contact number as soon as possible*. While AGK monitors our phone, if your pet is lost you are the best one to be contacted! But, remember if your dog should ever be lost, be sure to let AGK know too so we can alert others to help find him or her!

AGK generally uses three microchip companies and their info is below:

Avid FriendChip

(Chip ID is 9 numerals)

1-800-336-2843

www.avidid.com

Email: PetTrac@avidid.com

Save This Life

(Chip ID is 15 numerals)

www.SaveThisLife.com

24PetWatch

(Chip ID begins with 0A1...)

1-866-597-2424

www.24PetWatch.com

If you are unsure of the make of your new family member's chip, you can look it up at the following site:

AAHA Universal Pet Microchip Lookup
